

EYEMOUTH HARBOUR LOCAL NOTICE TO MARINERS No. 4 of 2016 Port Waste Reception Facilities

Date of Issue: 15 June 2016

Revised and updated: 09 August 2016

1. COMMERCIAL VESSELS

The Merchant Shipping and Fishing Vessels (Port Waste Reception Facilities) Regulations 2003 require Harbour Authorities and Terminal Operators to provide adequate waste reception facilities for the collection of waste of types covered by the regulations from ships normally using the harbour or terminal.

In accordance with the above regulation prior notification must be made to Eyemouth Harbour Trust of the type and quantities of waste intended to be landed and retained onboard. This notification must include all information as required by Schedule 2 to the regulations or Annex A to Marine Guidance Note 387 (M+F) and must be received at least 24 hours prior to the arrival of the vessel at Eyemouth. Where a voyage is of less than 24 hours duration a shorter period of notice will be accepted, however, notification must be sent from the last port of call to ensure details are received prior to the vessels arrival at Eyemouth.

The advance reporting requirements do not apply to an exempted vessel, warship, naval auxiliary or other ship owned or operated by a state and used, for the time being, only on government non-commercial service. In order to assist the port in data collection these vessels will, however, be required to complete a form detailing the type and amount of waste they have landed into the ports waste reception facilities.

Advance notification should be sent to the Harbour Office, Eyemouth Harbour Trust, by one of the following means:

Fax: 00 44 (0)18907 52494

E-Mail: harbourmaster@eyemouth-harbour.co.uk

The following are available in Word format at the end of this document:

Annexe A: Information to be notified before entry into the Port

Annexe D: Reporting Alleged Inadequacy of Port Reception Facilities

2. FISHING VESSELS

Fishing vessels may dispose of general waste generated on board vessels during the course of fishing activity using the large wheeled bins at the sluice or skips at Smeaton's Yard.

PLEASE NOTE THIS DOES NOT INCLUDE FISH, CRUSTACEA OR ANY OTHER PRODUCT WASTE OR DISCARD.

Used engine oil, filters and oily waste material may be brought to Smeaton's yard for disposal by harbour staff.

Bagged rubbish collected at sea as part of the KIMO 'Fishing for Litter' Scheme may be brought to Smeaton's Yard and sacks are available from the Harbour Office.

3. LEISURE VESSELS

Leisure vessels may dispose of waste generated during the course of voyaging or boating activity in the bins provided on/near the pontoons, or at Smeaton's Yard (near Harbour Office)

Used engine oil and oily wastes may also be disposed of at Smeaton's Yard.

Special arrangements are in place for food waste from visiting yachts from outside the EU (EG. Norway, Iceland, USA) and masters of such vessels will be informed by Harbour Master on arrival.

By order of the Harbour Master

Richard Lawton
Eyemouth Harbour Trust

Procedure for reporting inadequacies

Under the regulations ports/terminals must provide adequate reception facilities to receive the types and quantities of waste from ships normally using the port or terminal.

When possible, the master of a ship faced with a lack of reception facilities should bring the alleged inadequacy to the attention of Eyemouth Harbour Trust by contacting the Harbour Master.

If the problem is not resolved at the time to the master's satisfaction then a report form should be completed by the master, ship owner or agent and sent/faxed to the MCA at the following address:
